

The 16th International Congress on Ethnopharmacology

Second Announcement

Dear colleagues,

Sponsored by the International Society for Ethnopharmacology, China Association of Chinese Medicine, China Academy of Chinese Medical Sciences, China Association of Traditional Chinese Medicine, Division of Medicine and Health, Chinese Academy of Engineering and People's Government of Yulin, Guangxi, the 16th International Congress on Ethnopharmacology (ICE 2016) will be held on May 16-18, 2016 in Yulin city, Guangxi Zhuang Autonomous Region.

The theme of the congress is "Protection, Integration and Innovation" of Ethnopharmacology. In the congress, the lectures and discussions will focus on the conservation, utilization, sustainable development and modern study of Ethnomedicine resources. The congress will offer a golden opportunity for guests and delegates to exhibit and communicate new technology, new products and research achievements of Ethnomedicine.

Nearly 300 honorable experts, scholars and entrepreneurs from more than 30 countries are invited to attend the congress. Their cutting-edge contributions to the congress will be helpful to the development of research in Ethnomedicine all over the world.

We are looking forward to meeting you in Yulin, the Capital of Chinese Medicine in South China. Let's join hands with concerted efforts to make greater contributions to the development of Ethnopharmacology and to the health of mankind!
